

New Zealand toll payments made easy.

When travelling on North Island roads, there is an additional cost for toll roads. Ace has simplified how we process road tolls with the Ace Toll Pass option.

Ace Toll Pass

The Ace Toll Pass is an opt-in system that covers all toll charges under one flat fee per a rental and allows unlimited toll usage during your rental period.

You can choose this option at any time during your rental and the daily flat fee will appear on your rental agreement/invoice. Tolls incurred can also be paid when you return your vehicle, just let a Ace representative know.

- Ace Toll Pass – fee is \$6 incl GST* per rental and covers all North Island toll roads.

Customers are not able to pay for toll on the NZTA or at the toll road counters, these can only be paid for by using the Ace Toll Pass.

Unpaid fees incurred will be charged along with a \$23 (inc gst) processing fee.

Toll roads in New Zealand.
